

### Fixed Flow Regulator

- Fits 34DA, 60DA, 103DS and 112DA cylinder
- On/off knob and cylinder pressure gauge
- Fits C10 valve
- Available in 0.5LPM, 1.0LPM, 1.5LPM upto 9.0LPM flow settings

### Fixed Flow Regulator

- Fits cylinder with CGA 600 valve thread
- On/off knob and cylinder pressure gauge
- Available in 0.5LPM, 1.0LPM, 1.5LPM upto 9.0LPM flow settings

### On Demand Flow Regulator

- Use with instruments that utilise a pump to draw calibration gas
- For use with non-reactive gases H<sub>2</sub>S and SO<sub>2</sub> mixtures
- Fits C10 valve

### Variflow Regulators

- Click-stop 12 position, variable flow settings from 0.3LPM to 8.0 LPM
- Fits C10 valve and refillable cylinders

### Carry Case

- Blue lightweight case
- Case can carry up to 2 cylinders, regulators and tubing

### Engineering Bag

- Lightweight case
- Can carry up to 3 cylinders, regulators and tubing
- Can be worn on the shoulder to free hands for added safety
